Herbivore ou Carnivore?

Consignes:

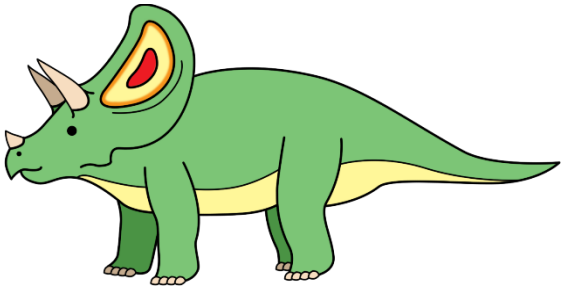

1. L'élève pige une image de dinosaure.
2. L'élève retrouve l'ombre de ce dinosaure sur le tapis de jeu et y place Bee-Bot (case départ).
3. L'élève programme Bee-Bot pour rejoindre une image d'herbe (s'il s'agit d'un dinosaure herbivore) ou une image de viande (s'il s'agit d'un dinosaure carnivore).
4. L'élève classe l'image de dinosaure pigée dans la bonne catégorie (Herbivore ou Carnivore).

* La disposition des images sur le tapis de jeu peut varier du modèle.
